CROSSING POLLED AND LINE ONE GENETICS

COON WONDER 515C ET- 43584001

Sired by: SHF WONDER M326 W18 ET

Dam: JA L1 DOMINETTE 1409L

CE: +2.2 BW: +0.1 WW: +35 YW: +60 MM: +30 REA: +0.09 IMF: +0.22

515C is a bull we are really excited about. He combines a prototypical easy keeping look, with a tremendous amount of thickness. Best of all, he is highly maternal, sound structured, and docile. He is a great example of the type of bulls that we produce.

One of the top horned bulls to sell this spring, this 5280 son is out of the great 2052 donor cow from Colyer. He's packed with tremendous maternal and growth genetics in a moderate birthweight package. He's a wide made, deep sided young prospect with excellent carcass traits and pigment. We flushed our top donors to this exciting young herd sire this spring. We'll have several females bred to him this fall in our sale.

ADAMS, JOHN - Adams Cattle Co., LLC - see XIT Ranch

ALEXANDER FARMS (D2) - 2756 S. Donmeyer, Gypsum, KS 67448-9414. Owner: John Alexander. 785-643-6364. email: alexfarmed@gmail.com From the Magnolia Road exit off of I-135 on the south edge of Salina, KS go 11 miles east to Donmyer Road and then 1/2 south. We are on the west side of Donmyer Road. Our cattle are linebred for fertility, soundness and the efficient production of high quality beef. Herd Sires: AF HL King Domino 1433 ET, Havre King Domino 71J, KPHR HL1 King Dom 8, AF HL King Domino 505, AF HL King Domino 1018. We have concentrated on King Domino. The King Dominos have been closed linebred since 1948. They are linebred to King Domino, which was a son of Mossy Plato 26. They are one of the few closed linebred lines of Polled Herefords still in existence. Thank you for your interest in our cattle.

ALPINE CREEK HEREFORDS (D3) - 2854 West 2100 Rd, Parker, KS 66072. Jerry & Carol Hambley. Phone: 913-271-7500, or 913-898-2038. email: jhambley@alpinecreek.com We are located in Parker Kansas about an hour south of Kansas City. Please call ahead for directions. Registered Horned & Polled Herefords, our goal is to breed moderate frame, highly efficient Herefords that excel on forages alone. We searched the country for more than five years to acquire our foundational bloodlines which include linebred Trask/GDQ and Brookview Farms cattle.

ALLAMAN, RAY (D3)-4114 W. Rucker Road, Junction City 66441. 785-238-4784 50 Commercial Herefords, cow herd basically Line One and using the best of Line One and Canadian bulls. Sells cattle in consignment and CHB sales and participates in GOP.

Our New Trifecta

Homegrown Son
(P43631874)
Semen Available

In 1958, Herefords first walked our pastures, and it was a very good year. They replaced a dairy and hog operation. Herefords have been a blessing to our family and a great breed to work with.

We have always strived to produce a herd with good udders, sound feet and legs, and style without losing volume or thickness.

88X Son
(P43569494)

We have three new herd bulls (pictured) to compliment and use on our Pure Country (P43091171), Jace (43297996) and Canadian bred females.

Over the decades, we have met many families and made many new friends. This spring, we had one of the best compliments that we have ever received. We delivered a new friend his bulls and when we unloaded them, he said, "Your bulls only look expensive."

If you have not seen our herd, give us a call any time.

Bulls, steers, heifers and bred females for sale.

*Thanks,
Alton, Marie and Family*

106Y, our newest addition as a herd sire, has already given us a set of top notch heifers. Out of one of the best cows in the Ken Coleman herd in Colorado and the immortal female producer 175E, we were pretty sure it would work here. We saw the females he produced in the Granzow Herefords herd before we purchased him and he is carrying that work on here as well. He is also siring some very good bulls, so when you get a chance, come by and have a look for yourself.

This is our home raised herd sire OPB 373 Trust 65. He is sired by F Trust 373 (our 100W son), and is out of a Harland daughter that may be our very best cow. We used him as a cleanup bull on the heifers we AIed to CL 1 Domino 314A.

5th Annual Production Sale
Saturday, January 27, 2018
1:00 p.m. · At the Ranch

A group photo of a family of ten people standing in a grassy field. There are four adults and six children of various ages. They are all smiling and looking at the camera. The background shows a green field with some cows grazing in the distance.
